PRESS RELEASE

After 25 years since the great *Eddie Kendrick* passed away, his solo recording and touring band *The Young Senators* will perform this fall in tribute to their dear friend and musical inspiration. *The Young Senators* are reloading with a new lineup featuring original members and talented new musicians performing their biggest hits with *Kendrick* including "*Girl You Need A Change Of Mind*", "*Keep On Truckin*" and "*Boogie Down*" plus classic *Motown* hits sung by *Kendrick* and *The Temptations* including "*Just My Imagination*", "*Get Ready*", "*The Girl's Alright With Me*", "*The Way You Do The Things You Do*", "*Standing On The Top*" and "*Shakey Ground*."

The Young Senators joined *Kendrick* more than 40 years ago after he left *The Temptations* to become a solo star in the early 1970's. *The Young Senators* made musical history by becoming the very first outside band to ever record with a *Motown* act. In 1972, their first hit single with *Kendrick* was "*Girl You Need A Change Of Mind*" which became a dance floor sensation and favorite of the early disco scene. A year later in 1973, *Kendrick* and *The Young Senators* scored a smash hit with "*Keep On Truckin*" reaching No. 1 on both the Pop and R&B charts, selling more than one million records and being nominated for a *Grammy Award*. Next single "*Boogie Down*" was another smash hit reaching No. 1 on the R&B chart, No. 2 on the Pop chart and also selling more than one million records. *Eddie Kendrick* and *The Young Senators* continued their success with seven more top ten singles while touring all around the world throughout the 1970's.

After *Kendrick's* death in 1992, *The Young Senators* honored him by continuing to perform his music in tribute to the legendary singer. Their entertaining and inspiring performance features original member and bandleader *Jimi Dougans* singing lead in a falsetto that is eerily similar to his dear friend *Kendrick*. *The Young Senators Reloaded* deliver a spectacular performance and stage show that has audiences singing along and dancing to Motown classics all night long.

KEEP ON TRUCKIN' - BOOGIE DOWN
